“Game Designer with a technical design background specialising in game cameras, characters, controls and combat. Crafting experiences with a focus on technical design and game feel”

## Work Experience

### Studio Gobo

**Technical Designer** | Aug 2018 to Present

I'm working on an unannounced AAA project in partnership with Warner Brothers. Most of my time was spent working on the core camera team developing and implementing game-wide camera systems. Additionally, I performed more general technical design tasks.

**Key Achievement** | Directly earning a camera mandate for the studio

## Other Projects

### To The Core

**Technical Designer** | 2017 to 2018 | 9 Months

To The Core is a third-person platformer and roguelike with speedrunning elements that I created in my third year of university. I worked on the 3Cs implementation, combat design, tweaking and implementation as well as general game design.

**Key Achievement** | Winning two awards at my university showcase

### Thrasher

**Lead Designer** | 2017 | 8 Weeks

Thrasher is a racing game I worked on in my second year at university. It's an arcade racing game played with a kite-surfing arcade controller.

I was the lead designer of the project, and acted as the vision holder for the concept as well as managing a small team of designers. In addition to my leadership role I implemented the game camera and tweaked the vehicle controls.

**Key Achievement** | Leading the creative team in the concepting phase

## Skills

3Cs Design  
Rapid Prototyping  
Game Feel  
Scripting  
System Design  
Scrum  
Combat Design  
Level Design  
Technical Animation

## Tech

Unreal Engine 4  
Unity  
Blender  
Perforce  
Jira  
TortoiseSVN  
Premiere Pro  
Photoshop  
Microsoft Office Suite

## Education

### BSC in Game Design & Production

**BUAS** | Sep 2015 to Aug 2019

I studied for four years at Breda University in the Netherlands. The school was ranked fourth in the world and second in Europe for Game Design by the Rookies in 2019.
